## REPORT OF THE BOARD OF EDUCATION

*To the Parents and Citizens Residing in Union School District:*

In accordance with its usual custom the Board herewith submits a brief report relative to the schools under its care.

As heretofore the length of the school year has been thirty-six weeks. In the grades, the fall term opened with the same teachers as last year, viz : Miss Grace E. Downing in Grade VIII and as principal, Miss Eva M. Lothrop in Grades VI and VII, Miss Harriet A. Gray in Grades IV and V, Miss Susan J. Hanson in Grades II and III, and Miss Clara M. Ingalls in the Primary, all of whom were elected by reason of their excellent service during the preceding year. Mrs. Katherine P. Crafts, who for several years has rendered very valuable service in the department of music, was elected supervisor thereof. Miss Emily J. Winch, the successful principal of the High School, having been lured by the voice of Eros, resigned at the close of the school year, and entered upon her life career under a special selective service act as Mrs. Roger Clifford, in which she has the best wishes of the Board for her happiness.

After considerable investigation of the merits of various applicants, the Board elected as principal of the High School, Miss Helen Clifton Wing of Manchester, Mass., a graduate of Mt. Holyoke Seminary, who is doing faithful work in this department.

Toward the end of the fall term Miss Lothrop had a call from Cupid, tendered her resignation to take effect at end of the same, and was later conscripted under the name of Mrs. George Stover as a life member of the domestic science guard, with the forgiveness and congratulations of the Board. If there are any more of these calls coming we trust they will be delayed until June, as a more appropriate and convenient period for such festivities.

It is usually a matter of difficulty to properly fill a vacancy at New Year, but the Board was fortunate in securing the services of Mrs. Kate R. Bacon, well known in Bristol as a teacher of considerable experience.

These teachers have labored faithfully for the education and improvement of their pupils, who as a whole have been orderly, obedient and studious.

Owing probably in part at least to the unusually severe and continuous cold weather since the first of December last, the germs of disease seem to have been very largely dormant, and the schools have been quite free from serious illness or epidemic.

Instruction in hygiene, physiology, physical culture and in the constitution of New Hampshire has been given.

The sanitation of the various rooms and parts of the school buildings, has received careful attention. During the winter, Mr. Hutchinson who had served the district so earnestly and successfully as janitor was taken ill and passed from earth. For his successor the Board has secured the services of Mr. Evander M. Tenney, who is giving faithful attention to his duties. Although the extreme weather has required much labor and fuel especially, the schools have been in session nearly all of the time.

The finances of the district, as may be seen from an examination of the report of the treasurer are in a satis-

factory condition. No extraordinary expenditures have been required.

In place of manual training, military training for the boys in the upper grades has been adopted with Lieut. Wm. H. Hill in charge.

The girls in the corresponding grades are receiving instruction in sewing, knitting, etc., devoting quite a portion of their time to Red Cross work.

It is expected that the school Memorial exercises will occur as usual. These exercises are very interesting and have been well attended in the past by parents and citizens. Notice of the event will be given through the *Enterprise*.

With the increased cost of fuel, supplies and other necessities of the District, the general expenses will probably increase accordingly and the matter should be taken into consideration at the annual town meeting.

Parents and guardians will please bear in mind that the District has a High School with a two years' standard course for pupils passing the eighth grade, which is of great value and importance to those pupils, all of whom should take this course which is as useful as those given elsewhere and less expensive for pupils residing in this vicinity. The fact that the school is small numerically is of advantage to the scholar as there is much more time for individual assistance on the part of the teacher.

The Board is very desirous that all persons interested in pupils or schools should visit the same frequently and thus show their interest in them. Parents should encourage their children and assist them in punctuality and constant attendance so far as possible.

It is natural for the children in case of heavy storm or breakdown of the heating plant or illness of a teacher,

thereby closing the session, to rejoice that there is to be "no school" and even to invent excuses or find pretexts for absence therefrom, but those who are tax-payers must realize that expenses are continuing just the same and parents should realize that time lost by the pupils cannot be fully regained and that it is their imperative duty to cooperate with the teachers and the Board in urging the children to improve upon the school-time allotted to them. With all of the inroads upon the school year it is short at best. With the tremendous demand now for men and women of learning, skill and efficiency, the slacker and unambitious must of necessity fall behind and give place to those of courage, ambition, action, skill and ability to work scientifically and efficiently in life's drama.

The Board has so often and at such length adverted to the necessity of proper moral and spiritual training of the pupils in the home, that it refrains from further extended comment. Generally speaking it is easy to determine the kind of training (or more likely neglect) a child who is vulgar, profane, sullen, or discourteous or who is over-wise in certain unmentionable matters, receives at home.

The responsibility of training our youth so that they shall become safe and sane, wise and honorable, honest and upright members of the community, standing for and exemplifying that "righteousness which exalteth a nation" is tremendous, and neither to be lightly assumed nor lightly cast aside, but one which all good parents and rightminded citizens should accept and make real, individually, as a part of their solemn and sacred personal civic duty.

The roll of honor or perfect attendance is appended.

The present members of the Board are Frank N. Gil-

man, Chairman ; Wm. C. White, Secretary ; Mrs. Mabel M. Ladd, Mrs. Lura L. Price, Homer H. Hutchinson and Ira A. Chase.

Respectfully submitted for the Board,

IRA A. CHASE, Superintendent.

## MINOT-SLEEPER LIBRARY---REPORT OF THE TRUSTEES

---

The Library has had another useful year for its patrons, without any event of special moment, but through its quiet influence the community has received enjoyment, instruction and the opportunity to keep abreast of the times not only in the literary world merely but in the great movements that are taking place in the political world as well.

During the year there have been 1354 patrons of the reading-room alone. 350 new books have been added to the circulating department, making a total of about 8792 volumes therein, from which 8271 books have been taken out by card.

To the Reference Library have been added various U. S. Government Reports and Papers. New Hampshire Reports, Laws, and many other books and pamphlets, including a *de luxe* edition of the Holy Bible, 2 vols. in French with very beautiful illuminations and illustrations by Gustave Dore, published at Tours, the gift of Dr. J. J. Loizeaux; also a complete set of Reports of the Supreme Court of New Hampshire, a valuable gift from a friend or friends unknown to the Librarian, which set was formerly owned by the late Josiah Minot, one of the founders of the Minot-Sleeper Library, and more recently by the late Harry M. Cavis.

Outside of law libraries, very few if any in New Hampshire possess a set of the State Law Reports.

The following magazines may be found on the reading tables, viz :

American, American Boy, Atlantic, Century, Cosmopolitan, Country Life, Geographic, Granite State Monthly, Harper's, Harper's Weekly, Ladies' Home Journal, Leslie's, Life, McClure's, Munseys, North American Review, Outlook, Popular Science, Popular Mechanics, Pictorial Review, Review of Reviews, St. Nicholas, World's Work, Youth's Companion. Some shelves have been placed in the furnace-room in the basement, which will accommodate some of the surplus of books not much used.

Some action should be taken right away to provide for a two-story addition to the present building, or one-story and basement, one part to be used for a stack-room, the other for a museum for historical and contemporary purposes, using the present building mainly for reading and reference room.

Why will not our citizens either make a bequest by will or during their lives donate such sums as they can for a fund to be invested and the income thereof used for library purposes ?

It would be a fitting memorial and we trust it will be given serious attention by those who chance to read these suggestions.

As at present constituted the members of the board are : Ira A. Chase chairman, Dr. Channing Bishop secretary, Dr. Geo. H. Calley treasurer, Frank N. Gil-

man, Wm. C. White, Wm. H. Marston, Fred H. Ackerman, Karl G. Cavis. Executive committee, Messrs. Chase, Calley, and Ackerman; Book committee, Messrs. Bishop, White and Cavis. Financial trustees, elected by the town, George B. Cavis, Fred H. Ackerman, Wm. C. White.
